Invitation

In order to commemorate the provisional application of Korea-EU FTA on July 1st, 2011, the Korean Society of Contemporary European Studies organizes the Fifth Korean confederation conference of European Studies. The theme of the confederation conference of this year is “Provisional Application of Korea-EU FTA and Perspectives on the Strategic Partnership”. Ten major institutions, including academic associations and institutes, will participate in this conference and will develop the academic debates surrounding Korea-EU relations.

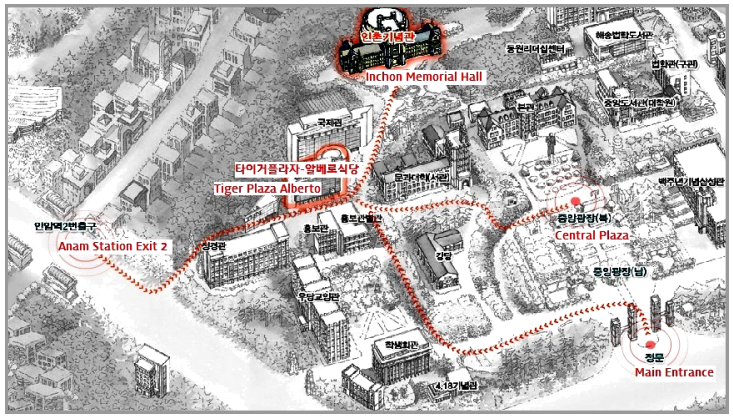
Through this conference, the impacts of the Korea -EU FTA on Korea and the EU will be analyzed from diverse approaches, including politics, economy, law, society and culture. The Korea-EU Framework Agreement, Korea-EU Strategic Partnership and Korea-EU future cooperation are also important issues of this conference. We will also enjoy academic discussions on political and social transformation in Europe and its impact on society and culture in Korea and in the EU.

With a diverse group of panelists, a range of timely topics, the cooperation of the EU Delegation and EU member-states’ embassies to Korea, we aim to improve our global network. By developing the academic and policy debate through this global network of Korean and European specialists, we also aim to contribute to the development of European Studies in Korea.

I express my gratitude to you for attending this conference despite your busy schedule and for your active participation in the conference debates as well as for your encouragement.

Hae Jo Chung
President
The Korean Society of Contemporary European Studies

Campus Map



■ Public Transportation

- Anam Station (Line #6), Exit #2
- Blue Bus: 110,111,130,141,144,163
